

REACHING FOR HER FUTURE!

She can do it! So can you! Go ahead.
 Reach for YOUR future!
 Educate yourself about your
 Tradeswomen' opportunities.
 Your future is not in the "stars".
 Your future is not in someone else's plan.
 You future is in your own hands.
 Your own mind and heart.
 Take the opportunities that are offered!
 Make them your own.
 Just as other brave sisters before you.
 Reach for your future!
 You are part of a *New Tradition!*
 A tradition of Women whose strength is
 more than the muscles in their arms.
 A tradition of Women whose future is in
 the knowledge that says:
*A woman will never know...
 Unless she tries.*
